Nashville, Dec. 13th, 1860.

Mr. J. W. Dolmar:
Sin:—The first lessons I took from you some time since in Phonography, have enabled me to save more than two-thirds of the labor in preparing my sermons, and I have no doubt it will soon enable me to save three-fourths of it. I have hever spent time more profitably than in its attainment, and I feel perfectly free in recommending it to Clergyman generally, as a means by which a vast amount of time may be saved, and that too with far less effort than is generally supposed. Its principles are few and simple, of easy attainment and suited to the full expression of every word in the language, either for present use or permanent record.

Yours respectfully,

Yours respectfully,

TAKE pleasure in announcing to my old friends and Loustomers that after an absence of two years, I have again returned to resume the practice of the PHOTOGRAPHIC ART in all its branches, having purchased the interest of my brother in the old established Gallery in Union street, rud having spent four months in New York the past Summer to obtain fully all the late improvements in the art. I have painted, renovated and enlarged the suite of Rooms throughout. That my facilities are now better to produce first-class work than most Galleries can boast of, and conduce to the comfort of our patrons. I trust not only to sustain the proud position the Gallery has heretofore sustained, but to elevate it to a still higher standard. I have also engaged the services of Mr. COOK, one of the best Photographers in the world, who took the Pictures which obtained the first premium at the World's Fair in London, in 1851, and I am determined not only to make this the leading Gallery in the State, but my work shall not be surpassed North or South, and now introduce to the public the following new
